Darling Frances.-

How are you feeling to-day, sweetheart? Did you have a good sleep last night? Hope so. Slept pretty well myself last night. Did you have a doctor look at your gums? Did you have an X-ray taken of it? I hope you didn't bother about it. Anyhow, I'll call you up to-night. "Ah wants to find out about mah lovin' honey". Benny is

going to mail this, so have to address your as I did. Wouldn't you like have to keep it up?

Am going to be on watch to-morrow night & think I'll have to stay for all night. I just thought I could get out at about 9.30, but the fellow said he won't come in until the next morning.

Now I have to close now, all my love to my sweetheart,

Lovingly,

Joy.
